[*Owing to a Printers' error, the present volume of the* VETERINARY JOURNAL *has been divided into two parts. Therefore the indexes will be found separated; the first part runs from January to June*, 1919, *and the second from July to December*, 1919]

INDEX TO AUTHORS.

JANUARY TO JUNE.

Bagshaw, Major.—Notes on an operation on "quitto" in the horse (illus), 83.

Bedel, M.—Concerning a uterine murmur in our large domestic females, 236.

Cross, H. E.—Some camel feeding experiments, 150.

Dalling, Captain Thos.—Investigations on specific ophthalmia, in continuation of the observations made whilst in the abattoirs, Paris, 16.

Davis, C. F.—Ethics of the profession of veterinary medicine, 153.

Delmer.—Paralysis of the rumen (acute flatulence) in cattle, 19.

Eve, Henry D.—Alopecia in the dog, complicated by carcinoma (illustrated), 141; Bipp treatment of wounds, 174; Fowl cholera, 28; Psorospermosis, or rabbit disease, 109; Split aitches in the cow, 107; Yohimbine in the treatment of incontinence of urine in the dog, 108.

Faithful, Capt. S. J.—Suggestions for the reorganisation of the veterinary curriculum, 185.

Fish, Pierre A.—Vitamines and nutrition, 110.

Gofton, Captain A.—Hæmatoma of the neck, 25.

Hadley, Dr. F. B.—Contagious abortion questions answered, 189, 227; Effect of pituitary gland extract on milk secretion in the cow, 147.

Harvey, F. T.—Clinical complex—relapse in milk fever, 61; Gas gangrene, 63; Submaxillary cellulitis in cattle, 65.

Hornby, Capt. H. E.—Diagnosis of African equine trypanosomiasis, 218; Few notes on autoagglutination, 207; Notes on the use of tartar emetic in the treatment of domestic animals affected with African trypanosomiasis, 89.

Hudson, R.—Rupture of the aorta (illustrated), 145; Rupture of the womb, with fœtus in the abdominal cavity, 146; Vascular growths on sheep, 146.

Linton, Lieut. R. F.—Nutritive value of "hay seeds," 58.

Long, Dr. William M.—An open stifle joint, 152.

L. R. C.—Hæmatoma of the penis, 226.

Mayall, G.—Conjuctivitis and collyria, 105.

Morgan, E.—Agglutination of the blood corpuscles as a sign of pregnancy, 143; Notes on the feeding of flesh to farrowing sows and the habits of pigs, 217; Tetanus of a cow following retention of the placenta, 29; Tumour in the duodenum of a six-year-old cow, 103.

Peatt, Capt. E. S. W.—"Bipp" treatment—bismuth iodoform paste, 163.

Robin, Vet. Asst. Major V.—Depravities of taste in troop horses, 33, 67.

20500

Sacco, Dgct. Cav.—Malignant epizootic aphtha (foot and mouth disease), 139.

Sani, Dr. M. L.—Notes on a hæmatozoon infesting the marsh tortoise (illustrated)), 175.

Savage, Capt. A.—Method of enucleating the eye, 24.

Smith, Major-General Sir Frederick.—Work of the British Army Veterinary Corps at the fronts, 8, 45.

Tutt, Captain J. F. D.—Laceration of the vagina in three mares, 225; Subcutaneous injection of tallianine in cases of respiratory disease, 180.

Valerio, B. Galli.—Is *aphodius obscurus* Fabr., the immediate host of *Cittotænia marmotæ*, Braun?, 32.

Winter, Captain E. C.—Notes on every day cases, 213.

GENERAL INDEX.

JANUARY TO JUNE.

A

Abattoirs, Paris (December 7, 1918), investigations on specific ophthalmia, in continuation of the observations made whilst in the, 16.
Abortion, contagious, questions answered, 189, 227.
—— in a cow, 239.

Abstracts.

An open stifle joint. By Dr. William M. Long, 152.
Effect of pituitary gland extract on milk secretion in the cow. By F. B. Hadley, 146.
Ethics of the profession of veterinary medicine. By C. F. Davis, 153.
Immunising pigs against swine fever, 157.
Mastitis, 199.
On the movement of the spermatozoa of the domesticated animals, 193.
Some camel feeding experiments. By H. E. Cross, M.R.C.V.S., D.V.H., Punjab, 150.
Vitamines and nutrition. By Pierre A. Fish, 110.

Adrenalin chloride, note on the use of, in prolapse of the uterus in a mare, 212.
Africa, South Central, trypanosomes in domestic mammals in, 128.
African equine trypanosomiasis, diagnosis of, 218.
—— trypanosomiasis, notes on the use of tartar emetic in the treatment of domestic animals affected with, 89.
Agglutination of the blood corpuscles as a sign of pregnancy, 143.
Aitches, split, in the cow, 107.
Alopecia in the dog, complicated by carcinoma, 141.
Anæsthetics, use of, and the Royal Army Veterinary Corps, 81.
Animals' Anæsthetics Bill, 163.
—— domestic, affected with African trypanosomiasis, notes on the use of tartar emetic in the treatment of, 899.
Aorta, rupture of (illustrated), 145.
Aphodius obscurus, Fabr., is it the intermediate host of *Cittotænia marmotæ*, Braun? (illustrated), 32.
Army Veterinary Corps, British, at the fronts, work of, 8.
—— —— —— Service, 73.
Autoagglutination, few notes on, 207.

B

"Bipp" treatment—bismuth iodoform paste, 163.
—— —— of wounds, 174.
Bismuth iodoform paste, 163.
Blood corpuscles, agglutination of, as a sign of pregnancy, 143.
Bloody milk, 238.
Board of Agriculture, 127.
British Army Veterinary Corps ot the fronts, work of, 8, 45.
—— Veterinary Corps to have the prefix "Royal," 81.
Butcher's lament, 238.

C

Camel feeding experiments, 150.
Carcinoma, complication of alopecia in the dog (illustrated), 141.
Cases, notes on every day, 213.
Cattle, paralysis of the rumen (acute flatulence) in, 197.
Cholera, fowl, 28.
Cittotænia marmotæ, Braun, is *Aphodius obscurus*? the immediate host of (illustrated), 32.
Clinical Cases :—
Clinical complex—relapse in milk fever. F. T. Harvey, F.R.C.V.S., 61.
Gas gangrene. By F. T. Harvey, F.R.C.V.S., 63.
Hæmatoma of the penis. By L. R. C., 226.
Laceration of the vagina in three-mares. By Capt. J. F. D. Tutt, M.R.C.V.S., F.R.M.S., 225.
Method of enucleating the eye. By Captain A. Savage, 24.
Psorospermosis, or rabbit disease. By Henry B. Eve, M.R.C.V.S., 109.
Split aitches in the cow. By Henry B. Eve, M.R.C.V.S., 107.
Submaxillary cellulitis in cattle. By F. T. Harvey, F.R.C.V.S., 65.
Yohimbine in the treatment of incontinence of urine in the dog. By Henry B. Eve, M.R.C.V.S., 108.
Clinical complex—relapse in milk fever, 61.
Collyria and conjunctivitis, 105.
"Common diseases of pigs and their diagnosis," 37.
Concerning a uterine murmur in our large domestic females, 236.
Conjunctivitis and collyria, 105.
Contagious abortion questions answered, 189, 227.
Correspondence.—
Abortion in a cow, 239.
Bloody milk, 238.
"Common diseases of pigs and their diagnosis," 37.
Williams, Mr. W. R. O., 77.
Cow, a six-year old, tumour in the duodenum, 103.
—— effect of pituitary gland extract on milk secretion in the, 147.
——, split aitches in the, 107.
——, tetanus following retention of the placenta, 29.

D

Demobilisation and doctors, 7.
Depravities of taste in troop horses, 33.
Diagnosis of African equine trypanosomiasis, 218.
Disease, respiratory, subcutaneous injection of tallianine in cases of, 180.
Doctors and demobilisation, 7.
Dog, alopecia, in the, complicated by carcinoma (illustrated), 141.
——, yohimbine in the treatment of incontinence of urine in the, 108.
Domestic animals affected with African trypanosomiasis, notes on the use of tartar emetic in the treatment of, 89.
—— females, concerning a uterine murmur in our large, 236.
—— mammals in South Central Africa, trypanosomes in, 128.
Duodenum, tumour in, of a six-year old cow, 103.
Duty to the worn-out horses, 23.
